

Isaias Brhane

1. Introduction

- ✓ The aim of my project is to build Habesha traditional food website as the name Habesha refers the people of the two countries Eritrea and Ethiopia, which are found in the horn of East Africa. This country shares a lot in common, but my project will focus on traditional food and coffee.
- ✓ This website will help people to order food online, reserve for dine, to choose a pickup or delivery to manage their time. Beside this the site will give access to book events in Habesha restaurant around them.

2. Website Expected Futures: -

- ✓ Navbar with breadcrumbs.
- ✓ Homepage/About Us/Menu/Reserve/ Contact Us.
- ✓ Event list
